

On February 22nd, 2018, over 50 Texas A&M Economics students had the opportunity to meet with and listen to recruiters from three different organizations in the Robert and Judy Allen building.

At this year's event, the department welcomed recruiters from KPMG, British Petroleum and the FBI. Each of these companies and agencies are looking to recruit Texas A&M Economics majors and this year's Spring Career Event offered them the opportunity for one-on-one and small group interactions with our high quality students.

From the student perspective, it was a great event because it allowed them to hear firsthand what each of these companies is looking for in an employee and to hand their resume to a potential employer.

From the company's point of view, recruiters raved about the quality, the attentiveness and the professional conduct of our students.

The stage is well set for future recruiting trips to Aggieland.

Recruiters from BP held group sessions with interested students
