On September 19th 2019, approximately 130 Texas A&M Economics students had the opportunity to meet with and listen to recruiters from seven different companies in the Annenberg Presidential Conference Center as well as the Robert and Judy Allen building. This annual event allows students to hear directly from recruiters and gives them the opportunity to interact one-on-one to discuss potential internships and job openings.

At this year’s event, the department welcomed recruiters from KPMG, British Petroleum, Goosehead Insurance, American Airlines, The Federal Reserve Bank of Dallas, Northwestern Mutual and Dell.

From the student perspective, it was a great event because it allowed our students to hear firsthand what each of these companies is looking for in an employee and to share conversations and their resume with a potential employer who is looking specifically for ECON students.

From the company point of view, recruiters raved about the quality, the attentiveness and the professional conduct of our students. The companies return to TAMU year after year because the Career panel event has led to a number of successful internships and hires in the past.
A recruiter from Goosehead Insurance speaks with students about potential internships.

Recruiters from KPMG talk to interested students.
